

## Concrete Hoppers

Concrete Hoppers - This attachment is a self-dumping hopper that automatically sets off to unload when bumper release contacts the side of a dumpster. As soon as unloading is completed, the hopper returns to a locked and upright position. This particular piece of machinery is also obtainable together with a cable which allows operation from the seat of the forklift to be able to have the alternative of manually dumping the hopper. There is a locking chain provided to be able to secure the hopper to the tine truck. This particular product is made with reliable and consistent robotic welds for maximum strength. The lift truck dumping hopper even has a blue powder coat finish to be able to maintain durability.
