

## Hyundai Forklift Attachments

Attachment for Hyundai Forklift - Since 1985, Hyundai Heavy Industries has been supplying and making numerous sorts of construction tools together with: forklifts, excavators, skid steer loaders, and wheel loaders. The heavy industry division operates a highly effective product-supply system. This system is driven by zero-tolerance policy, perfect quality control and one of the most advanced automatic production lines.

Led by a group of 477 distributors in 110 countries, construction equipment has been launched into the rising markets of Russia, the Middle East, Central and South America, and Africa. Local Hyundai subsidiaries have been created within the United States, India, China and Europe.

Inside Hyundai's Heavy Industries, the Construction Equipment Division works very hard to fulfill and go beyond their client's expectations by constructing effective and reliable tools and providing great after sales assistance. Customer Service is further maintained by a commitment to provide parts quickly so as to reduce the "downtime" of their clients. Hyundai likewise welcomes customer suggestions to be able to project their clients' needs and market requirements onto product improvement, production and sales policies. Hyundai easily competes with the various top brands within the industry.

Hyundai Heavy Industries sincerely value all of their customers. The business is strongly dedicated to constantly improve all of their service and products even further. All the firm's managers and employees try to uphold this actuality with the utmost commitment in their products and services. Among their foremost ambitions is to be able to help make their customers' venture much more prosperous.
